

FastPay Network is the **only platform-based solution linking suppliers and agencies for the purposes of streamlining and expediting media payments.**

BENEFITS

FASTER PAYMENTS

Reduced DSO with predictable payments (e.g. net 30 instead of net 120)

AUTOMATED WORKFLOW

Simplified reconciliation with access to detailed remittance data

REDUCED COSTS

Lower fees compared to credit cards

HOW IT WORKS

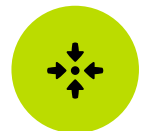

Agencies can't always pay on time and we're here to change that. The FastPay Network helps media suppliers gain more control over the AR process. With our media expertise and close agency relationships, FastPay guarantees agency payments within a shorter time frame (e.g. net 30). FastPay Network payments post directly to your company's bank account, accompanied by detailed remittance data formatted for your preferred accounting system. Faster payment, better data, and greater visibility make your accounts receivable more predictable.

Media supplier
generates invoices

FastPay sends payment
and remittance file
to media supplier

FastPay collects
final invoice amount
from agency

FastPay is the only financial technology platform that reduces friction across the media landscape by accelerating payments, lowering costs and delivering AR predictability for media suppliers. With automated payment solutions and increased access to capital, FastPay enables media suppliers to be paid on their preferred terms so they can focus on scaling their business.

Headquartered in Los Angeles, with offices in New York, San Francisco, Boston, and London, FastPay clients represent more than \$35 billion in annual media spending.
